

Queenie's Birthday Report

The Tea Room on Sunday April 29th was overflowing with friends and family celebrating Queenie Lundsten's 90th birthday. Her immediate family, who reside in the area, were there as well as her daughter and son-in-law (Marlene and Rod Stork) from Guelph Ontario. Her son Ron was the Master of Ceremonies and presided over a program which included hilarious stories told by family and close friends. This was complemented with entertainment featuring younger members of the family playing the piano. After the program a birthday cake was presented as guests sang Happy Birthday to Queenie, this was followed by a delicious lunch. Everyone had a great time visiting and reminiscing.
